Main activities

Discover one of Vietnam's most important sea turtle conservation areas through a unique eco-adventure led by Con Dao National Park rangers.

- **Snorkeling at Bo Dap Beach:** Before arriving at the island, stop at Bo Dap Beach to snorkel in crystal-clear waters. Explore colorful coral reefs and observe the rich marine biodiversity that makes Con Dao one of Vietnam's premier snorkeling destinations.
- **Explore Bay Canh Island:** Arrive at Bay Canh Island and enjoy a guided walk through its well-preserved primary forest. Learn about the island's unique ecosystem, native wildlife, and the conservation efforts that protect this UNESCO-recognized biosphere reserve.
- **Sea Turtle Conservation Experience:** Visit the sea turtle nesting beach and the turtle egg incubation area. National Park rangers will introduce you to the life cycle of sea turtles, their nesting behaviors, and the ongoing conservation program dedicated to protecting these endangered marine animals.
- **Check in at the Ranger Station:** Check in to your accommodation at the Ranger Station (tent or room,

depending on availability) and enjoy some free time to relax in the peaceful natural surroundings

Evening

- Enjoy a local-style dinner on the island.
- As the island becomes quiet and dark, a completely different world comes alive:
 - ✓ Head into the mangrove forest to observe **coconut crabs** (also known as robber crabs/cua xe tãng) as they emerge to forage in their natural habitat
 - ✓ Accompanied by National Park rangers, quietly visit the nesting beach to **watch mother sea turtles lay their eggs**. The viewing time is flexible and depends entirely on natural conditions to ensure minimal disturbance to the turtles.
- *Overnight at the Ranger Station (tent or room).*

Day 2:

Release baby turtles

Early morning

05h00: Wake up early for one of the most memorable moments of the journey.

Accompanied by National Park rangers, participate in the release of baby sea turtles into the ocean. Witness these tiny hatchlings begin their incredible journey to the sea while learning about the importance of marine conservation.

After the activity, enjoy a light breakfast at the Ranger Station before checking out.

Return

07h00: Return by speedboat back to Con Dao Passenger Harbor. Our guide says farewell to your group.
